

RENE HART

Director of Estimating /
Pre-Construction Manager
40 Years of Experience

rhart@flco.com

“Success, in achieving a project which provides value added to a community, a developer, a general contractor and the trades, is the benchmark for the Flaherty & Collins Pre-Construction Team. In utilizing proven and new innovative strategies, the Flaherty & Collins Pre-Construction Team is considered an industry leader in the multifamily development market, both new build and historical rehabilitation.”

RESPONSIBILITIES

Rene develops and oversees all budgets, values and bid documents during the preconstruction phases of a project, to ensure the projects are successful for both the construction and development teams. Critical review and coordination with the design and development teams are a key service provided.

EDUCATION

Bachelor’s degree - Construction Management
Purdue University – West Lafayette, IN

PERSONAL

Rene is married with four (4) children and six (6) grandchildren. Rene enjoys all types of outdoor activities including gardening, golf, fishing, walking and sporting events.

PROFESSIONAL EXPERIENCE

Upon graduation from Purdue University in 1982, Rene worked in the construction field as a Project Superintendent on many projects within the Indianapolis Regional Area., providing both concrete and carpentry skills to the majority of the projects. During the past 30 years, Rene has performed the role of Preconstruction Manager, Project Manager and Vice President of Construction.
